R|O|D|A

Where people strive to feel good, commune with their loved ones, enjoy the pleasures of life in harmony with nature, in the places they inhabit, and in outdoor surroundings that are beautiful, comfortable and durable.

Persone che possano sentirsi bene e a proprio agio con i loro affetti, godendosi i piaceri della vita in armonia con la natura, nei luoghi dell'abitare dove gli ambienti esterni siano belli, confortevoli e duraturi.

Vision

Essere protagonisti nella natura per sentire gioia
e pienezza, nel vivere e nell'abitare. Con orizzonti tra
cielo e terra e paesaggi domestici che sono luoghi
di bellezza, curati e intimi. Le collezioni RODA creano
spazi che invitano e accolgono in una dimensione
di felicità consapevole, nel pieno benessere dei sensi.
Con la natura a fare da scena, ospitale e appagante.

Outdoor Happiness

A feeling of joy and fullness of heart is part of the experience of nature, of outdoor living. The horizon formed by sky and earth is embellished by an intimate domestic landscape where well-tended beauty is a sign of welcome. The RODA collections create inviting spaces to envelop a dimension of happiness, to fill the senses with well-being, to let nature be the backdrop for hospitality and gratification.

Contemplare l'orizzonte come panorama, nell'intimità e nel compiacimento. Considerare l'ambiente naturale come un dono da vivere con gratitudine.

Contemplating the horizon as a panorama for intimacy and plenitude.
Considering the natural environment as a gift to experience with gratitude.

Condividere gesti spontanei, immersi nel bello. Cogliere la meraviglia del tempo, con la naturalezza generata dalla gioia.

Sharing spontaneous gestures while immersed in beauty. Appreciating the wonder of time with naturalness generated by joy.

Here is furniture made of skill and care – authentic and fundamental elements fostered by experience and applied to manufacturing since day one. Research, good design, construction techniques and excellent materials are the RODA ingredients, the fruits of recognised, recognisable positive traits. It is certain that these cultural and entrepreneurial values are rooted in heart and ambition: wanting to do good and knowing how to do it well.

Arredi che sono fatti di saperi e di cura: elementi autentici e fondamentali, acquisiti nell'esperienza e applicati da sempre nella realizzazione. Dalla ricerca al buon design, dalle tecniche costruttive ai materiali di eccellenza, mobili che sono il frutto di un insieme di qualità positive riconosciute e riconoscibili. Nella certezza di quei valori culturali e imprenditoriali che sono cuore e ambizione: voler fare bene, saper fare bene.

The RODA vocation is to look closely at nature and the relationship between people and the outdoors. For many years now, the company has been investing in an approach and a process that have become a business strategy. Commitment to transparency is a foundation that aims to be perceived and appreciated by all, in order to face the world of tomorrow with optimism. An outdoor setting is made up of space and nature, where nature is the protagonist that permits convivial living outside. Environmental, social and economic sustainability is intrinsic to good design, to a valid project. The transparent approach at RODA means responsibility, concern, and a corporate culture based on products' quality and longevity, all of which imply certified materials, technological research and increasing sensitivity to nature.

RODA, per vocazione, guarda con attenzione alla natura e alla relazione dell'uomo con l'ambiente esterno e investe, da tempo, in un percorso e in un processo che sono strategia d'impresa: un impegno nel segno della trasparenza che possa essere rilevato e apprezzato da tutti, per poter pensare al domani del mondo con positività. La parola ambiente significa al contempo spazio e natura. Natura che, protagonista, permette la vita e la convivialità fuori. La sostenibilità – ambientale, ma anche sociale ed economica – è parte dell'idea stessa del buon design e dunque di un progetto di valore. L'approccio trasparente di RODA significa responsabilità e accuratezza, proprie di una cultura aziendale che parte dalla qualità e dalla longevità dei prodotti e passa da materiali certificati e ricerca tecnologica, sempre più sensibile alla natura.

Curved layouts welcome and envelope, as if suspended in mid-air. The Mamba collection is made up of hugely comfortable upholstered sofas with an original design. The modules have different shapes, linear or pentagonal, and can be fitted together to form classic arrangements or obtain unexpected lengths. The backrests lean slightly, opening up the angle they make with the seat. The structures stand on unobtrusive cylindrical feet. This upholstered line demonstrates experienced and excellent Italian manufacturing.

Mamba

Details ↗ 424

Profili sinuosi che accolgono e avvolgono, come sospesi. Mamba è una collezione di divani imbottiti dal grande comfort e dal disegno originale: i moduli hanno forme diverse – lineari o pentagonali – e sono aggregabili a piacere per generare volumi classici oppure dare vita a lunghezze inattese. Gli schienali si aprono leggeri per superare la perpendicolarità rispetto alle sedute, mentre le strutture poggiano su piedi cilindrici poco esposti alla vista. Un imbottito che è testimone dell'esperienza e dell'eccellenza manufatturiera italiana.

Poured concrete is formed into a three-member family of coffee tables with sinuous shapes and a refined terrazzo finish of the tabletops. Tops can be round or oval, resting on solid vertical walls that give the base characterful concave volumes.

Aspic

Details ↗ 416

Il cemento colato prende forma e si declina in tavoli bassi di tre dimensioni che sorprendono per la sinuosità delle loro forme e la raffinata finitura con graniglia a vista sul piano. Quest'ultimo, di forma rotonda oppure ovale, è sostenuto da solide pareti verticali che generano dei caratteristici volumi concavi alla base.

BERNARDO 353 side table
Finishes: structure and top SMOKE, base SIMPLON WHITE stone.

The upholstered sofas and components feature generous, deep seating. The unusual hexagonal module forms a corner like an inviting island. Single, double or triple backrests make the composition aesthetically dynamic with solids and voids.

Divani e componenti imbottiti hanno sedute ampie e profonde e l'originale modulo esagonale forma un angolo che è come un'isola accogliente. Gli schienali, inoltre, possono essere posizionati a piacimento: singoli, doppi o tripli, dinamizzano le composizioni da un punto di vista estetico, tra pieni e vuoti.

Functional side table with great stability and a linear profile.
A white Sempione-granite base, painted stainless steel structure, and square metal top with rounded corners make this a sturdy, practical element suitable for interiors, too. The top of Bernardo is also available round, in glossy stoneware or high-pressure laminate.

Bernardo

Details ↗ 417

Un complemento funzionale, dai profili lineari e dalla grande stabilità. La caratteristica base di granito bianco del Sempione, la struttura di acciaio inossidabile verniciato e il piano di metallo quadrato con gli angoli smussati lo rendono un elemento di appoggio resistente e pratico, adatto anche agli interni. Il top di Bernardo è disponibile anche rotondo, in gres lucido o in laminato HPL.

The appeal and function of a contemporary upholstered sofa in an outdoor version. Versatile and technologically innovative, its high performance is guaranteed by the quality materials used, but the Dandy is above all very comfortable. The modular design allows for multiple compositions corresponding to the differing requirements of customised use, space enhancement and layout. The seat is available in three sizes. The backrest and armrests can be configured for all types of settings, from the most intimate to the most commodious.

Dandy

Details ↗ 419

L'*appeal* e la funzionalità di un divano tessile contemporaneo, in versione *outdoor*. Dunque versatile, innovativo nella tecnologia, con alte performance garantite dalla qualità dei materiali utilizzati. E, soprattutto, molto comodo. Dandy è un progetto modulare che consente molteplici composizioni per rispondere alle più differenti esigenze di personalizzazione, valorizzazione e gestione dello spazio. I moduli di seduta sono disponibili in tre dimensioni e gli schienali e i braccioli sono configurabili per qualsiasi ambiente, dal più intimo al più ampio.

Vibrant woven textures combine with strong, sinuous lines to make a collection of sofas, armchair and coffee tables. Upholstered seats, welcoming and light, are combined with differently covered backrests. The cording wound around the tubular metal frame is similar to thread around a spool, hence the name. Then there is a weave of padded belting, plus a version in Batyline fabric, practical and enveloping.

Spool

Details ↗ 433

Intrecci e texture vibranti, insieme a linee sinuose e forti, caratterizzano questa collezione di divani, poltrona e tavolini. Gli imbottiti sono accoglienti e leggeri, con un susseguirsi di corde o di cinghie imbottite la cui trama si definisce grazie alla presenza del telaio di tubolare metallico, a ricordare una spola. Pratica e avvolgente è la proposta di schienale in Batyline.

A solid teak frame is the common denominator here. Strapping forms the seats of sofas and daybeds with modest dimensions, making them suited for metropolitan settings such as terraces and balconies.
The design and the presence of teak are reminiscent of the archetypical RODA Network line of furniture, a timeless success.

Mistral

Details ↗ 425

Un solido telaio di teak fa da costante progettuale e accoglie intrecci di cinghie che disegnano le sedute di una serie di divani e lettini dalle dimensioni contenute, adatte anche ad ambienti metropolitani come terrazzi e balconi. Il disegno e la presenza del teak rimandano alla collezione archetipica Network, dal successo senza tempo.

001 director chair

002 director lounge chair

003 stool

104 sunlounger

Product type	Folding director's chair and armchair, folding stool and reclining sunlounger.
Structure	Teak. Exposure to the weather creates an oxidation patina, one or two millimetres deep, on the wood surface, making it fade to a silver-grey colour. This change does not affect its original characteristics in any way. The grey patina can be avoided or removed by specific maintenance. The reclining sunlounger is available in teak or in weather-resistant whitened teak.
Structural fabric	Batyline. Unique dimensional stability and flexibility make it extremely comfortable, with a textile-like soft hand.
Cushions	For sunlounger: standard or hydro-draining.

An extensible table shows how wood can be technically designed with visually arresting results.
Thanks to a meticulously engineered system of joints, teak slats compose a top of substantial dimensions, stabilised by a solid frame. By sliding apart the two halves of the top, a hidden leaf is easily unfolded at the centre. Such dynamics invite generous conviviality.

Honourable mention from the 2016 Compasso d'Oro ADI award.

Brick

Details ↗ 417

Un tavolo allungabile che dimostra come anche con il legno sia possibile fare tecnologia, per arredare e stupire. Grazie a un calibratissimo gioco di incastri, i tasselli di teak compongono e caratterizzano un piano dalle dimensioni importanti, reso stabile da una struttura solida e da un sistema di apertura a farfalla che permette di estrarre con facilità le prolunghe, nascoste dal piano scorrevole. Un tavolo dinamico che invita a una convivialità generosa.

Menzione d'onore al XXIV Premio Compasso d'Oro ADI, nel 2016.

Colours	Lead with Clay stripes. Clay with Water stripes. Pearl with Water stripes. Water with Pearl stripes.
Size	200 × 300 cm and 300 × 400 cm. The fringe always runs along the 300 cm side. Custom sizes available upon request (fringe side maximum 300 cm).

Sartorial in its material and make, the Knot is suited for use indoors and out. Skilfully crafted, the weaving process uses ribbon in the colours grey or sand, or a blend of the two.

Knot

Details ↗ 437

Di qualità sartoriale per tessitura e fattura, sono tappeti adatti all’utilizzo sia in ambienti interni sia esterni. Nascono da un nastro che viene intrecciato con un’accurata lavorazione artigianale e sono caratterizzati dalle cromie generate da filati color grigio o sabbia, oppure mix grigio e sabbia.

001 rug

Product type	Outdoor rug.
Composition	100% polypropylene yarn, hand-woven on loom.
Colours	Lead, Clay, Lead + Clay.
Size	200 × 300cm. Customised sizes available upon request.

KNOT 001 rug
Finish: LEAD.

A sophisticated combination of hues and mélange yarns allows the Tint to dialogue with natural surroundings, furniture and people. Two colour variants of warm and cool colours generate a harmonious and refined space, where sunlight adds an elegant note of shimmer. One version is embellished with bands of cool greys and warm browns. The other is composed of different shades of blue united with greens that are the possible tonalities of lush vegetation.

Tint

Details ↗ 437

Una sofisticata combinazione di toni e filati per tappeti che dialogano con l'ambiente e gli arredi. E con le persone che li vivono. Due le varianti di colore in cui cromie calde e fredde generano insieme uno spazio armonioso e raffinato, grazie alla complicità della luce del sole che crea un elegante gioco di tonalità. Un tappeto presenta colori caldi e freddi, sfumati tra loro in fasce di grigi e bruni; l'altro è caratterizzato da fasce con diversi toni di azzurro che si uniscono a tanti, possibili verdi di una vibrante vegetazione.

Finishes: GREIGE.

The name of this family refers to the geometry of the rug surfaces, divided into three identical portions marked by the weft decoratively exposing some of the warp. The resulting effect is like ajouré needlework. Tradition and contemporaneity together allow the rug to furnish an outdoor setting by marking out new spaces while being admirable for its elegance and softness.

Triptyque

Details ↗ 437

Il nome della collezione richiama la geometria delle superfici dei tappeti, suddivise in tre porzioni identiche e scandite dall'alternanza tra filato e ordito. Il disegno risultante evoca gli orli a giorno da sartoria: tradizione e contemporaneità insieme, per completare l'arredo di giardini con un elemento che genera nuovi spazi e riesce sempre a stupire per eleganza e morbidezza.

002 rug

Product type	Outdoor rug.
Composition	100% polypropylene yarn, hand-woven on a loom.
Colours	Natural, Brick or Stone.
Size	200 × 300 cm and 300 × 400 cm. The fringe always runs along the 300 cm side. Custom sizes available upon request (fringe side maximum 300 cm).

The first outdoor lighting project to be featured in the RODA product range is a coherent interpretation of the company's spirit. The materials are an original mix for a lamp. The light-weight lantern with natural hues and refined lines has a teak base and a shade made of Canatex and strapping. A practical handle allows it to be floor-standing or hanging. It gives flattering and intimate light, from warm to cool, to complete the atmosphere of impeccable and truly welcoming outdoor settings.

Pillow

Details ↗ 429

Primo progetto di illuminazione da esterno del catalogo RODA, ne interpreta con coerenza lo spirito e i materiali, in un mix originale per questa tipologia. Una lanterna leggera, dai toni naturali e dal disegno raffinato, con una base di teak e poi Canatex e cinghia per il paralume e la pratica maniglia che la caratterizza – e la rende una fonte di luce sia da terra sia appesa. Una luce bella e intima, calda o fredda, per completare l'atmosfera di esterni attenti e davvero accoglienti.

PILLOW 002 lantern
Finishes: structure TEAK,
canatex SAND.

Technical information and materials ↗ 429

001 lantern

002 lantern

Product type	Outdoor lantern.
Structure	Teak. Exposure to the weather creates an oxidation patina, one or two millimetres deep, on the wood surface, making it fade to a silver-grey colour. This change does not affect its original characteristics in any way. The grey patina can be avoided or removed by specific maintenance.
Net	Canatex.
Power supply	Rechargeable battery with power cable. A 4-hour charge offers 6 to 8 hours of light. On-off switch, colour tuning and intensity selection are activated by touch control or app.
Light temperature	Dynamic-white LED technology offers intermediate temperatures of light from 3,000 degrees Kelvin (warm white) to 4,000 Kelvin (cool white).

A sun-screening structure with a refined Mediterranean feel. Slender tubular steel is fitted with a canopy made of strapping. A light-weight, elegant gazebo that is self-standing and portable thanks to wheels that complete its functional features.

Ombrina

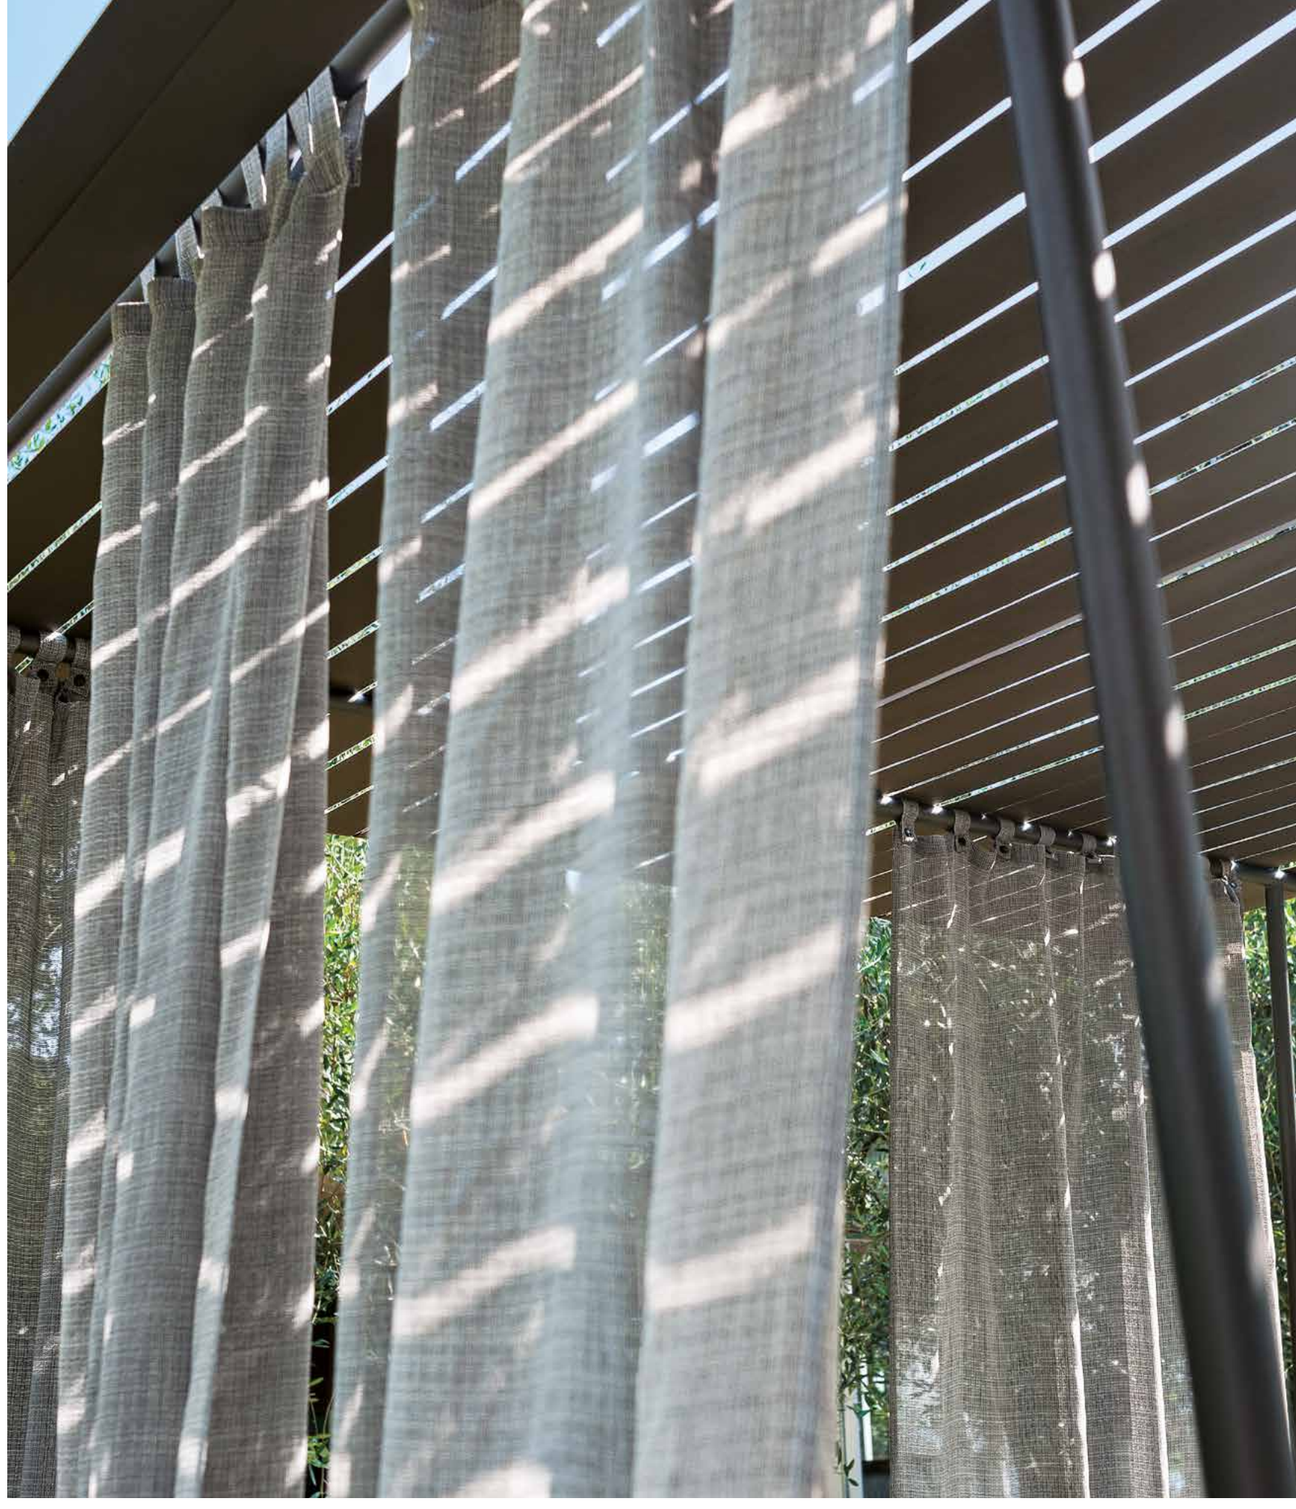

Details ↗ 428

Una struttura parasole dalla raffinata anima mediterranea, caratterizzata da un sottile tubolare di acciaio che accoglie una copertura composta da una serie di cinghie. Un gazebo leggero ed elegante, autoportante e mobile – grazie alle ruote che ne completano la funzionalità.

A handsome screen makes for a backdrop. A stainless-steel frame is fitted with a textile partition composed of strapping. Available in vertical or horizontal sizes. The vertical version can be extended with practical sections, easily hooked on. The Wing is an innovative element with which to create privacy and shape the space of garden or terrace in a functional way.

Wing

Details ↗ 436

Un elegante paravento che funge da quinta, con una struttura di acciaio inossidabile che si fa telaio per accogliere una parete tessile composta di cinghie. Può essere orizzontale oppure verticale, versione in cui sono previste delle pratiche estensioni dall'aggancio facile. È un elemento innovativo per creare spazi riservati e modulare l'ambiente in modo funzionale, in giardino o in terrazza.

The redesign of a charming, useful accessory makes for a refined, light-weight and multifunctional trolley with two stainless steel shelves framed by teak, which are removable in order to be used as helpful trays.

Caddy

Details ↗ 418

Un accattivante complemento che ripensa i canoni estetici di un arredo di servizio, da appoggio. Dal design raffinato e leggero, la sua struttura è multifunzionale: i due piani di acciaio inossidabile incorniciati dal legno di teak sono estraibili al bisogno, in modo da poter essere usati anche come utili vassoi.

Innovazione, tecnologia e passione: da oltre trent'anni, RODA propone la propria visione del design italiano nel mondo e detta, con le sue collezioni, le linee di uno stile sofisticato e cosmopolita. Una storia positiva e solida che nasce dall'amore per gli esterni belli e da vivere. E che ha costruito e diffuso a livello internazionale una rinnovata cultura dell'abitare, fatta di nuovi linguaggi estetici, alta qualità e carattere.

Innovation, technology and passion: for over thirty years, RODA has been proposing its own vision of the Italian design in the world, dictating with its collections the lines of a sophisticated and cosmopolitan style. A positive and solid story originated in a love for beautiful, liveable outdoor areas. It has unfolded under the construction and international diffusion of a renewed culture of the home environment based on new aesthetic languages, high quality and character.

Tutti i prodotti RODA rappresentano perfettamente il concetto di durevolezza, qualità fondamentale quando si parla di arredi che devono resistere a qualsiasi condizione atmosferica. Ciò significa che i materiali, le tecniche di assemblaggio e i tessuti sono scelti con grande cura in ogni dettaglio. Anche i tessuti, estremamente performanti negli ambienti esterni, sono il risultato di un'attenta ricerca di design tra tecnologia e stile.

All RODA products squarely represent the concept of durability. And durability is a serious quality when you're talking about furniture that must withstand all weather conditions. This means that RODA's materials, assembly techniques and fabrics are very carefully chosen in every detail. Even the fabrics, extremely hi-performing outside, are the result of a technical and stylish design research.

	Rugs
Quality Qualità	EN Sartorial-quality rugs, crafted on traditional looms and suitable for outdoor and indoor use. IT Tappeti dalla qualità sartoriale adatti all'utilizzo in ambienti interni ed esterni, prodotti con una lavorazione artigianale su telai tradizionali.
Appearance Aspetto	EN Mélange and changeable yarns visually enrich both the solid-colour and exclusive two-tone rugs. IT I filati mélange e cangianti arricchiscono sia le varianti in tinta unita sia gli esclusivi abbinamenti cromatici bicolor.
Ethics Etica	EN The socially responsible production of rugs takes place in geographical areas specialized in carpet weaving. IT La produzione, socialmente responsabile, è realizzata in aree geografiche specializzate nella tessitura dei tappeti.

Materials and fabrics
Materiali e tessuti

Wood, Legno

Teak

Weather Resistant (WR) White Teak

Larch, Larice

	Teak	Weather Resistant (WR) White Teak	Larch, Larice
Quality Qualità	EN Our teak is First European Quality, rated by the FEQ standards. It is used in its natural state (without synthetic surface treatments) for furniture structures and tabletops. IT Teak di prima qualità secondo gli standard FEQ (First European Quality). È utilizzato al naturale e senza alcun trattamento sintetico sulla superficie, sia per le strutture sia per i piani di tavoli e tavolini.		
Appearance Aspetto	EN When exposed to the weather, the surface of teak oxidises, providing the wood with natural protection and giving it a characteristic silver-grey colour. IT In seguito all'esposizione agli agenti atmosferici, il teak subisce sulla sua superficie un processo di ossidazione che protegge naturalmente il legno e ne determina la caratteristica colorazione grigio-argento.	EN The special hue acquired through this treatment brings out the wood's veining, giving the teak an elegant finish with a natural effect. IT La particolare colorazione ottenuta dal trattamento esalta le venature del legno e conferisce al teak una finitura elegante e un effetto naturale.	EN Larch-wood has a two-tone yellow hue and a straight grain. IT Legno dal caratteristico colore giallo chiaro.
Performance Performance	EN Teak's natural oiliness guarantees exceptional resistance to outdoor conditions, in addition to making it silky to the touch. IT L'oleosità intrinseca del teak garantisce una eccezionale resistenza del legno in esterno e lo rende vellutato al tatto.	EN Whitened teak is obtained by several cycles of brushing and painting that augment the wood's waterproofness and weather-resistance. IT Il teak nella versione di colore bianco subisce diversi cicli di spazzolatura e verniciatura che ne aumentano le proprietà di impermeabilizzazione e resistenza agli agenti atmosferici.	EN Good stability and elevated impermeability make larch an ideal outdoor material. IT Ha una buona stabilità ed elevati livelli di impermeabilità che lo rendono un materiale ideale anche per l'utilizzo in esterno.
Green Vision Green Vision	EN Available upon request: high-quality teak certified by the FSC®, grown under forest-friendly management. IT Su richiesta, legno di teak certificato FSC® (Forest Stewardship Council) di alta qualità proveniente da piantagioni controllate e certificate dall'organismo della gestione forestale responsabile.	EN Available upon request: high-quality teak certified by the FSC®, grown under forest-friendly management. IT Su richiesta, legno di teak certificato FSC® (Forest Stewardship Council) di alta qualità proveniente da piantagioni controllate e certificate dall'organismo della gestione forestale responsabile.	
Plus Plus		EN The paint makes the wood impermeable to the absorption of impurities and liquids, meaning less prone to staining. IT La verniciatura rende il legno impermeabile all'assorbimento di impurità e liquidi, quindi meno soggetto a macchie.

Metal, Metallo

Smoke

Milk

Rust

	Metal, Metallo
Performance Performance	EN Stainless steel 304 and aluminium are highly resistant against weather. The thermoset electrostatic powder coating offers additional protection from corrosion. IT L'acciaio inox 304 e l'alluminio sono molto resistenti agli agenti atmosferici. La verniciatura a polveri elettrostatiche termoindurenti conferisce ai prodotti un'ulteriore protezione dalla corrosione.
Appearance Aspetto	EN Embossing and coloured finishes give the metal naturalness and versatility of usage. IT La goffratura superficiale e la scelta cromatica delle finiture conferiscono naturalezza e trasversalità di utilizzo a un materiale tecnico come il metallo.
Green Vision Green Vision	EN Increasingly, RODA uses aluminium for the production of its furniture. Aluminium can be infinitely recycled without losing quality. IT L'alluminio viene sempre più spesso utilizzato per la produzione degli arredi RODA: un materiale riciclabile all'infinito, senza perdita di qualità.

Stainless Steel

Polyurethane Resin, Resina Poliuretanica

Mole

Grey

	Polyurethane Resin, Resina Poliuretanica
Quality Qualità	EN The polyurethane resin HiREK® is optimal for use on high-quality outdoor furniture thanks to its structural characteristics, mechanical properties and resistance against UV rays and weathering. IT La resina poliuretanica HiREK®, grazie alle sue caratteristiche strutturali, alle proprietà meccaniche e alla resistenza ai raggi UV, ha un ottimo impiego nella realizzazione di arredi di alta qualità per esterni.
Green Vision Green Vision	EN HiREK® resin is 100% made in Italy and completely recyclable. IT HiREK® è 100% made in Italy e totalmente riciclabile.

Cork, Sughero

	Cork, Sughero
Quality Qualità	EN Reconstituted black cork with unique compactness and texture thanks to the way its natural resin maintains the granules united. IT Sughero bruno caratterizzato da compattezza e matericità uniche, grazie alle resine originarie che mantengono uniti i suoi granuli.
Performance Performance	EN This is a sustainable, high-quality material. Lengthy exposure to direct sunlight may result in a natural fading of the cork's brown colour. IT Materiale sostenibile di qualità superiore. L'esposizione diretta e prolungata alla luce del sole può generare una decolorazione naturale.
Green Vision Green Vision	EN The cork used is 100% natural, obtained through an environmentally sound process. Production offcuts become biomass fuel that provides the cork factory with green energy. IT Il sughero utilizzato è naturale al 100%, ottenuto da una produzione ecosostenibile: gli scarti della sua lavorazione diventano biomassa e sopperiscono al fabbisogno energetico con un processo del tutto green.

Graphite IMO

Clay IMO

	Batyline
Appearance	EN This versatile, structural technical fabric offers durability and sober elegance. The flexible weave makes for extremely comfortable seating. Soft to the touch.
Aspetto	IT Tessuto strutturale versatile e pratico. Resistente, sobrio ed elegante alla vista. È caratterizzato da una grande flessibilità che rende le sedute estremamente comode e da una morbidezza tessile al tatto.
Performance	EN Special construction makes the fabric resistant to wear and tear. Sag resistant. Non absorbent. Quick drying.
Performance	IT La sua particolare costruzione lo rende molto resistente agli agenti atmosferici e agli strappi e garantisce un'ottima stabilità dimensionale. Non assorbe umidità e si asciuga rapidamente.
Plus	EN For the collections Guest and Surfer, Batyline is certified for fire safety by the International Maritime Organisation. High-performance fire-resistance make it suited for use in public spaces.
Plus	IT Nella versione certificata IMO (International Maritime Organisation), disponibile solo per le collezioni Guest e Surfer, è caratterizzato da alte prestazioni di resistenza al fuoco che lo rendono particolarmente idoneo agli utilizzi negli spazi collettivi.

3D Net, Rete 3D

Grey

	3D Net, Rete 3D
Apperance	EN Structural fabric with a sophisticated technical appearance. Its three-dimensional volume makes it cushiony and comfortable.
Aspetto	IT Tessuto strutturale dall'aspetto tecnico e sofisticato; il volume tridimensionale lo rende soffice e confortevole.
Performance	EN Water-draining. Breathable. No water is trapped, allowing the furniture to dry rapidly.
Performance	IT La rete 3D è estremamente drenante e traspirante, così da garantire un rapido passaggio dell'acqua e una veloce asciugatura.
Plus	EN Resilient. Colourfast and weatherproof, 3D Net means the furniture can be used without fabric covers.
Plus	IT La resilienza e l'elevata solidità del colore alla luce e alle intemperie permettono di utilizzare i prodotti confezionati con rete 3D anche senza le fodere in tessuto.

Canvas

Sand

Green

Blue

	Canvas
Appearance	EN All-cotton structural fabric. Waterproofed with Teflon, meaning the natural fibres retain their softness and freshness.
Aspetto	IT Tessuto strutturale in puro cotone. È impermeabilizzato mediante teflonatura, trattamento che permette di mantenere la morbidezza e la freschezza proprie della fibra naturale.
Plus	EN The canvas is trimmed with leather, creating a pleasant contrast with the cotton fabric. The canvas is 100% made in Italy.
Plus	IT Il canvas è impreziosito da un profilo in pelle che crea un gradevole contrasto con la semplicità del tessuto. È 100% made in Italy.

Stone, Pietre

Farsena

Carrara Marble

Luna

Simplon White

	Stone, Pietre
Appearance Aspetto	EN Natural stone selected by RODA is unique in its veining, making each piece unique. IT Le pietre selezionate da RODA sono naturali, dunque uniche. Eventuali cristalli o fiammature sono peculiarità di ogni singola pietra.
Plus Plus	EN Stone tabletops receive a light anti-stain sealer. This can be renewed every year with a specific stone and concrete protector. Application of such products may darken the stone's colour. IT I piani di pietra hanno un leggero trattamento anti-macchia che può essere ripristinato ogni anno con l'utilizzo di un prodotto di protezione adeguato (come lo "Stone and Concrete Protector"). L'applicazione del trattamento può far assumere alla pietra una tonalità leggermente più scura.

Concrete, Cemento

Grey

	Concrete, Cemento
Appearance Aspetto	EN Solid yet refined in its finish. Formed by the pouring of calcium aluminate and calcium silicate in a monobloc mould. IT Materiale solido e dalla finitura raffinata. È formato dalla miscela di silicati e alluminati di calcio, modellato mediante uno stampo monoblocco.
Plus Plus	EN The grit already present in the cement is visually emphasised by light sanding. The obtained surface is then treated with a water- and oil-repellent to improve weather-resistance. IT La graniglia, già presente nel cemento, affiora in superficie in grazie a una leggera levigatura del piano. La superficie levigata è poi trattata con un trattamento idro-oleo repellente che ne aumenta l'impermeabilizzazione.

Sintered Stone, Pietra Sinterizzata

Mole Sintered Stone

	Sintered Stone, Pietra Sinterizzata
Appearance Aspetto	EN Sintered stone is made of minerals heated to form a solid impenetrable mass with the finishes and colours of natural stone. IT La pietra sinterizzata unisce le potenzialità del porcellanato tecnico con finiture e colori tipici della pietra naturale.
Performance Performance	EN The non-porous surface cannot be scratched, burned or stained. Resistant to mould and bacteria. Durable, weatherproof, shock-proof. Unaffected by UV rays, acid, alkali, fire and frost. IT La superficie non assorbe e non si macchia. È un prodotto incorruttibile dal tempo, dagli agenti atmosferici e dai raggi UV; è inattaccabile da acidi e solventi, muffe e batteri; è resistente all'urto e all'abrasione, incombustibile e non gelivo.
Green Vision Green Vision	EN Lapitec® sintered stone slabs contain neither resin nor petroleum derivatives. IT La struttura della pietra sinterizzata a "tutta massa" Lapitec® non comporta l'uso di resine e derivati del petrolio.

High-pressure laminate HPL, HPL

Grey HPL

	HPL, High-pressure laminate HPL
Performance Performance	EN High pressure laminate shock-proof and durable. Resistant to scratches, moisture, heat and stains. IT Laminato stratificato ad alta pressione, estremamente resistente all'usura, all'urto, alla scalfittura, all'umidità, al calore e alle macchie.
Plus Plus	EN It is self-extinguishing and Class 2 fire resistant. Certified by the Fira Institute for being food-contact safe. IT È autoestinguente e ignifugo in classe 2 ed è classificato dall'istituto Fira per l'idoneità al contatto con gli alimenti.

Gres (stoneware)

Sand

Mole

Lead

	Gres (stoneware)
Appearance Aspetto	EN Matt stoneware is given neutral colours, pleasantly tranquil and refined. IT La finitura opaca del gres si declina in sfumature di colore dai toni neutri, sobri e raffinati.
Performance	EN Composed of pure ingredients compacted at high temperatures, without the addition of synthetic resin. Non-porous, shock-absorbent and resistant to bending. Frostproof and impermeable. 100% made in Italy.
Performance	IT Grazie all'utilizzo di materiali puri compattati tra loro ad alte temperature, senza l'aggiunta di resine sintetiche, il gres risulta molto resistente agli urti e alla flessione. La superficie non porosa lo rende un materiale non gelivo e non assorbente. 100% made in Italy.
Green Vision	EN Selected by RODA for its sustainable qualities. Its innovative recipe is based on 70% recycled material.
Green Vision	IT Un materiale selezionato da RODA perché attento alla sostenibilità, grazie a una ricetta innovativa che può accogliere più del 70% di materiale riciclato.

Glazed Gres (stoneware), Gres Smaltato

Ice

Water

Forest

Storm

Sapphire

	Glazed Gres, Gres Smaltato
Quality Qualità	EN Glazed stoneware is an exclusive, high-quality material. Fired twice during enamelling, the material's original characteristics remain unchanged, but its surface is more delicate than matt stoneware. IT Materiale esclusivo e pregiato; le due cotture a cui è sottoposto lo smalto superficiale non alterano le caratteristiche originali del materiale, ma lo rendono più delicato rispetto al gres tradizionale.
Appearance Aspetto	EN Stoneware glossy finish gives depth to colour, and makes for a refined, characterful tabletop surface. IT La finitura lucida del gres ne esalta i colori, donando ulteriore raffinatezza e carattere ai piani di tavoli e tavolini.
Plus Plus	EN The enamelled finish is a handcrafted process that calls for a first firing of the glaze and a second phase of vitrification. This specific manufacturing process may produce slight differences in colour. IT La finitura smaltata è frutto di una lavorazione artigianale che prevede un primo processo di smaltatura e una seconda fase di vetrificazione; questo particolare processo produttivo può dare origine a sfumature e differenze cromatiche tra le piastrelle.

Curtains, Tende

White

Grey

	White	Grey
Quality Qualità	EN Trevira CS is a flame-retardant polyester fabric with a soft, fresh handle. Withstands wear and tear. IT Tessuto in poliestere Trevira CS, dalla mano morbida e fresca. Ha proprietà ignifughe ed elevata resistenza alle sollecitazioni.	EN 100% acrylic fabric with high resistance to wear and tear. Colourfast against UV rays. IT Tessuto 100% acrilico che garantisce alta resistenza meccanica ed elevata stabilità del colore ai raggi UV.

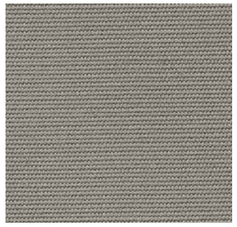

Canatex

Sand

	Canatex
Quality Qualità	EN Technical fabric with polyester base. Resists wear and tear. Colourfast against UV rays. Sag resistant. IT Tessuto tecnico con base di poliestere; presenta elevata resistenza meccanica e forte stabilità del colore ai raggi del sole.
Appearance Aspetto	EN Contains hemp fibres, making furniture look natural, matt and light. This is emphasised by neutral colours and the transparency of the membrane. IT La percentuale di canapa contenuta nel Canatex dona agli arredi un appeal naturale e leggero, enfatizzato dalle nuance sobrie e dalla trasparenza della texture.
Green Vision Green Vision	EN Controlled and socially responsible production takes place in geographical areas specialised in carpet weaving. IT La produzione, controllata e socialmente responsabile, è realizzata in aree geografiche specializzate nella tessitura dei tappeti.

Hydro Draining Cushions, Cuscini Idrodrenanti

EN The hydro-draining technology used for RODA cushions leads to padding that lets the water run out easily and quickly. Abundant inner-cushion air circulation is another factor that promotes swift, complete drying to avoid mildew and deterioration. Hydro-draining padding uses open-cell polyurethane enclosed in breathable mesh. In particular, the backrest cushions' padding is enveloped by a technical mesh that divides the fibre into sections to obtain variable densities. This inner structure improves comfort and holds its shape over time. The underside of the seat and backrest cushions is equipped with mesh that encourages water to drain out and air to flow in.

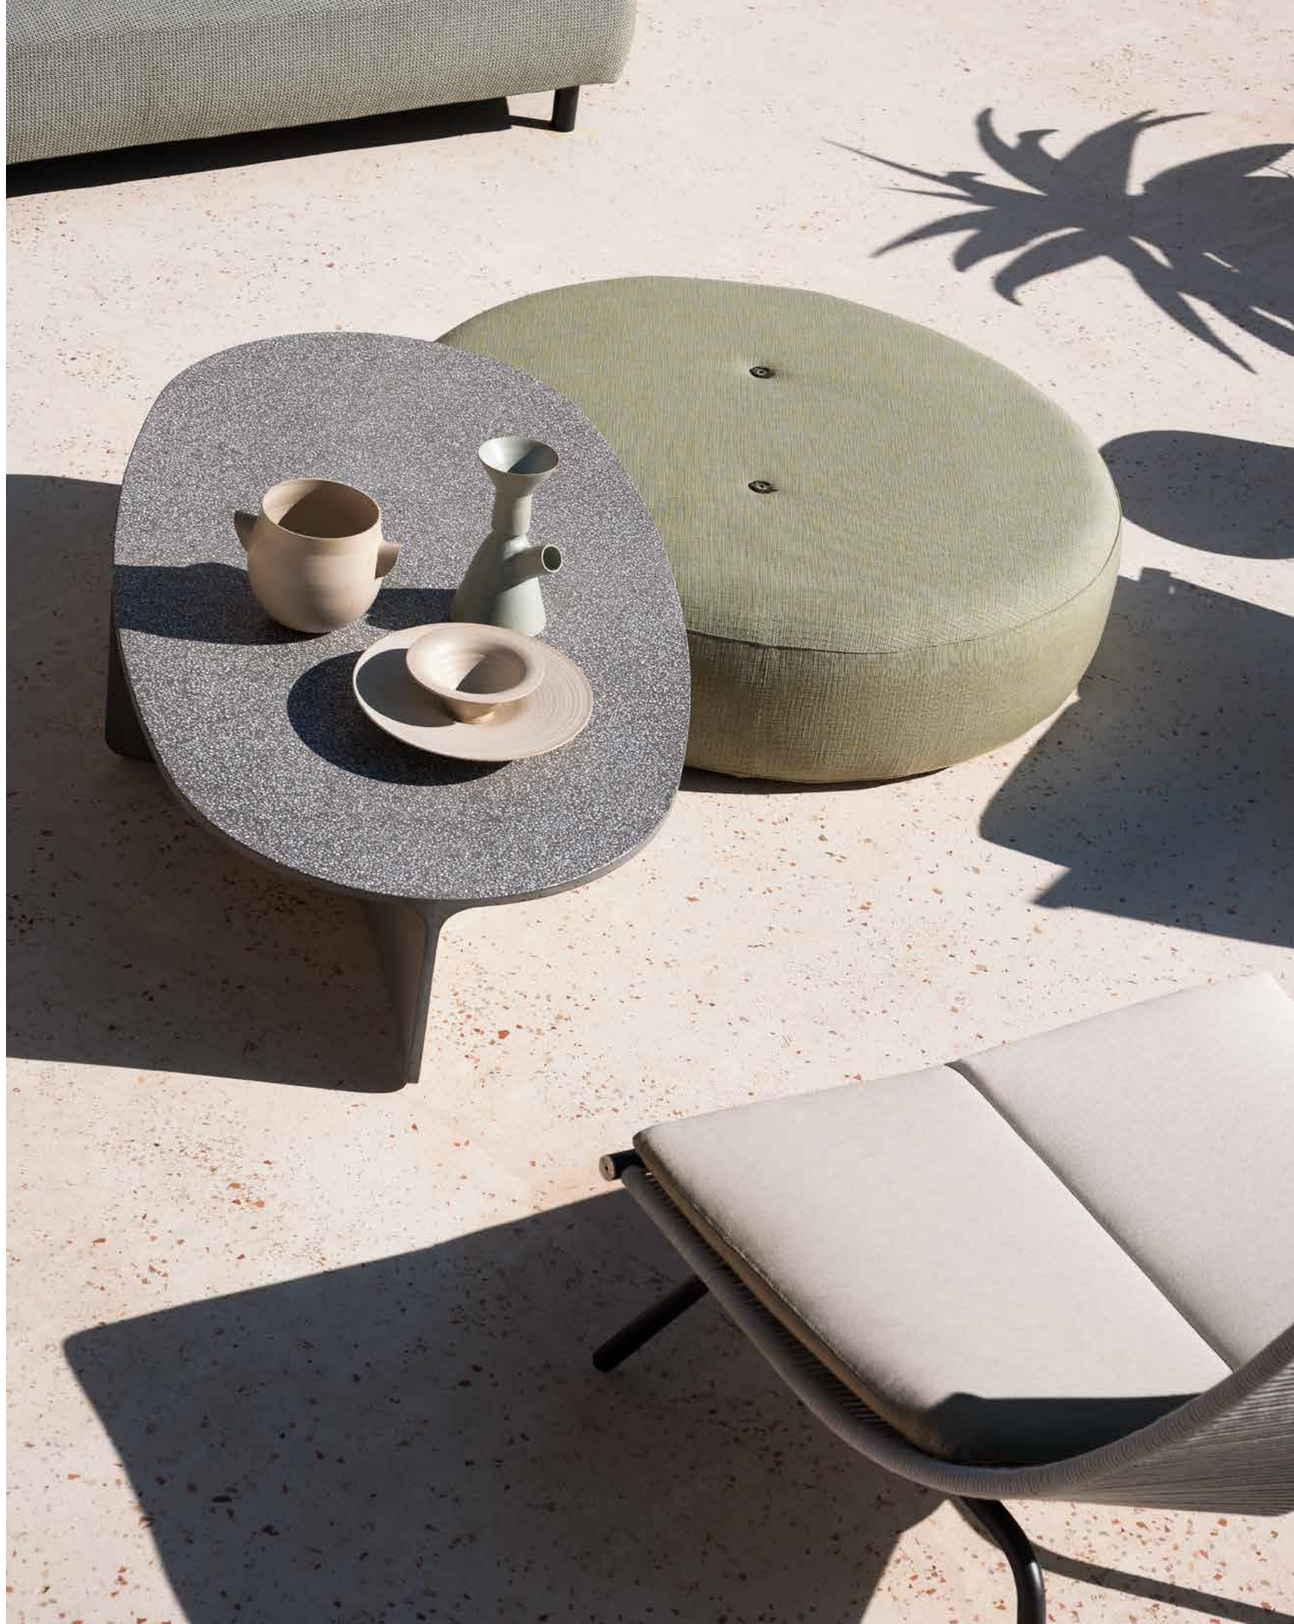

IT I cuscini idrodrenanti sono realizzati con un'imbottitura drenante a cella aperta, avvolta da una rete traspirante; in particolare, l'imbottitura dei cuscini di schienale è racchiusa da un involucro di rete tecnica che divide la fibra in diverse "camere" per ottenere densità variabili; questa struttura interna favorisce il comfort e il mantenimento del volume nel tempo. La parte inferiore dei cuscini di seduta e di schienale prevede una rete che consente la fuoriuscita dell'acqua e il passaggio dell'aria all'interno del cuscino.

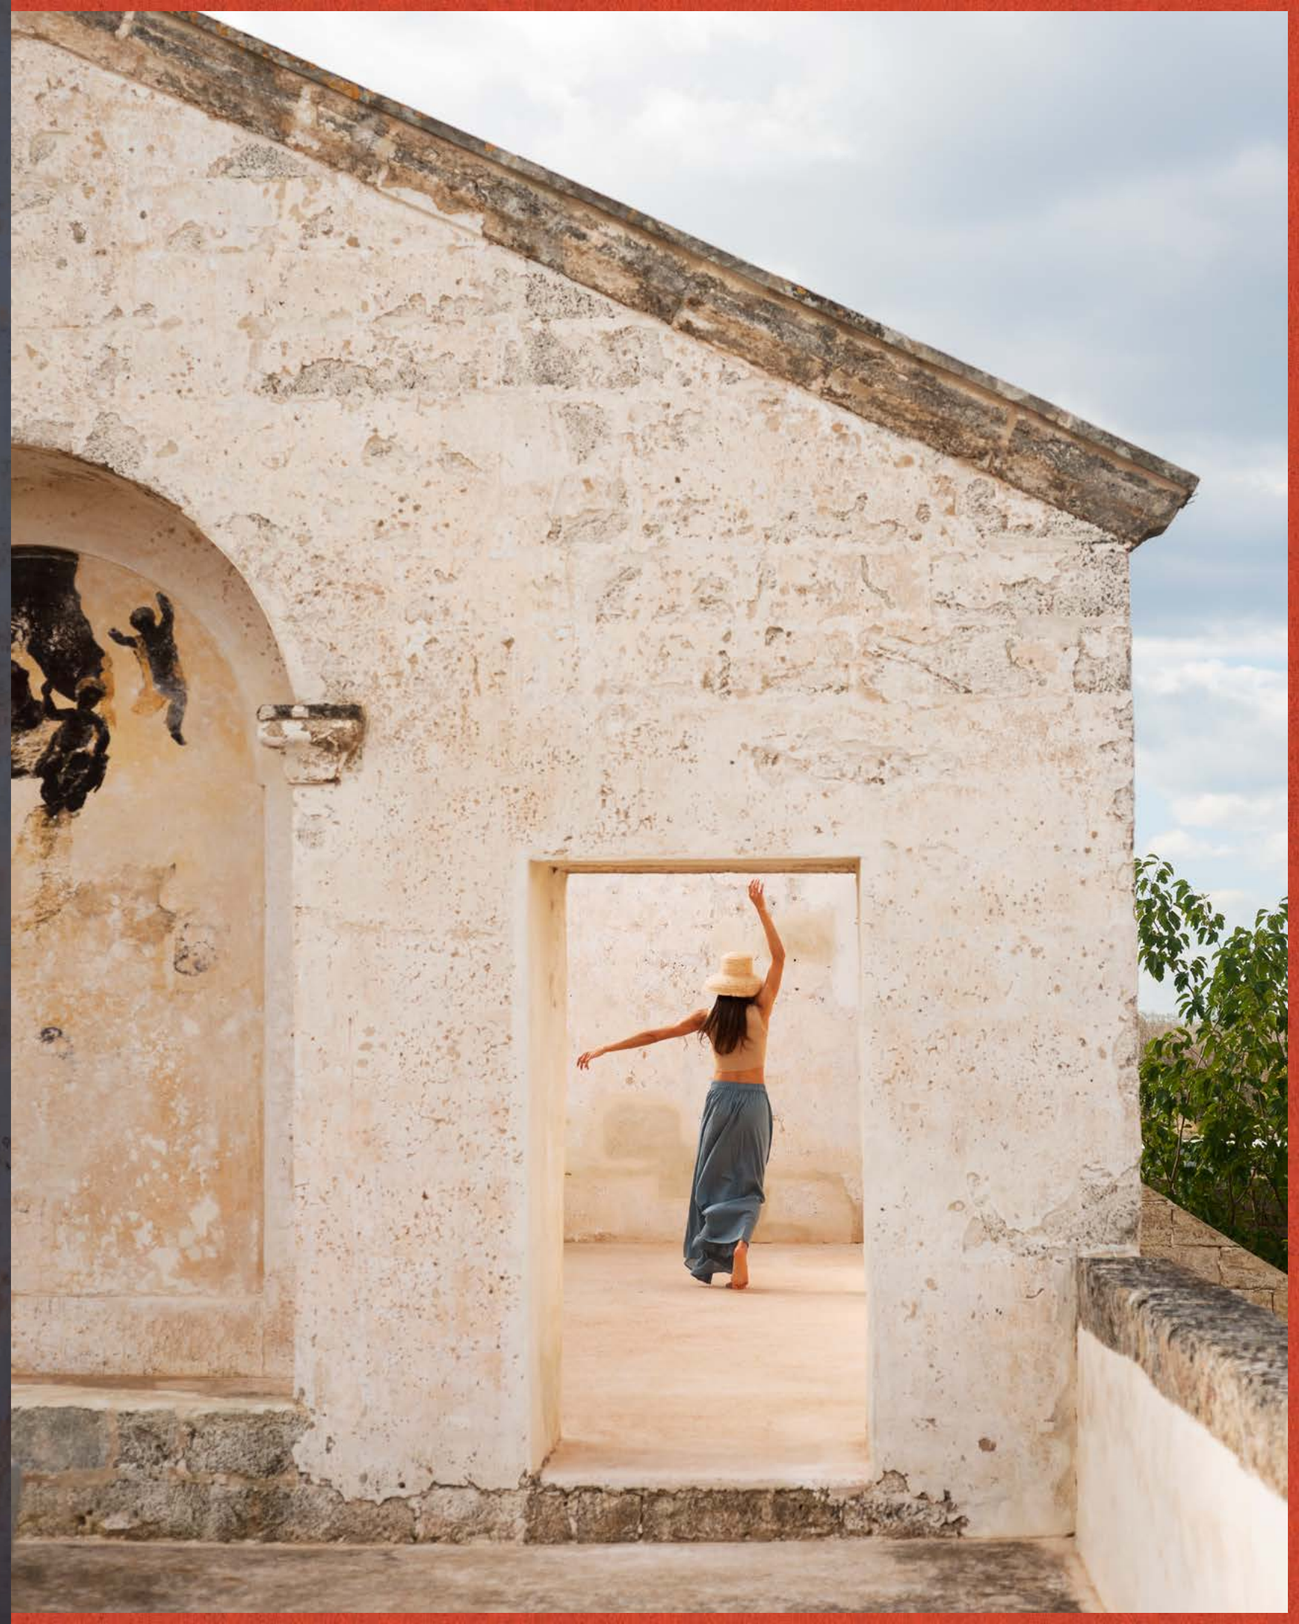

Hydro Draining Technology Applied to the Upholstered Collections, Tecnologia Idrodrenante Applicata alle Collezioni imbottite

EN The upholstered RODA furniture collections feature high-performance breathability and water-draining capacity. Maximum levels of effectiveness are reached by combining open-cell polyurethane of different densities in a way that makes water travel out immediately while ensuring soft comfort and support. Three-dimensional netting envelopes the fast-drying padding of some collections, offering great aesthetics: the furniture has finished, handsome appearances and can be used even without fabric slip-covers. The frames supporting the cushions are generally made of powder-coated aluminium, meaning they are light-weight, robust and weather-resistant.

IT Le collezioni imbottite approfondiscono il concetto di traspirabilità dei cuscini idrodrenanti, portandolo al massimo livello di complessità ed efficienza, combinando poliuretani a cella aperta di differenti densità, per consentire il drenaggio dell'acqua e assicurare un perfetto comfort di seduta. La rete 3D, che riveste e contiene l'imbottitura drenante di alcune collezioni, conferisce un aspetto gradevole e completo al prodotto, anche in assenza della fodera tessile. Le strutture, su cui vengono applicati gli imbottiti, sono generalmente prodotte in alluminio verniciato a polvere, per garantire maggiore leggerezza, robustezza e totale resistenza agli agenti atmosferici.
