RODA

Beauty is an ever-present force, revealing itself in the simplest of places: in the light that moves through a space, the warmth of the sun, the greenery that surrounds it, and the conviviality of a shared table. Recognising it means knowing how to observe, select and enhance what accompanies us every day, transforming space into an EXPERIENCE to be lived, rather than simply inhabited.

The outdoors is all of this: food and CONVERSATION, family and FRIENDSHIP, sunlight and shade, material and nature. It is the pleasure of being together and, at the same time, the opportunity to rediscover a SPACE of one's own. A BALANCE between softness and character, between warmth and expression, where creativity meets FUNCTION and every element finds its own reason for being.

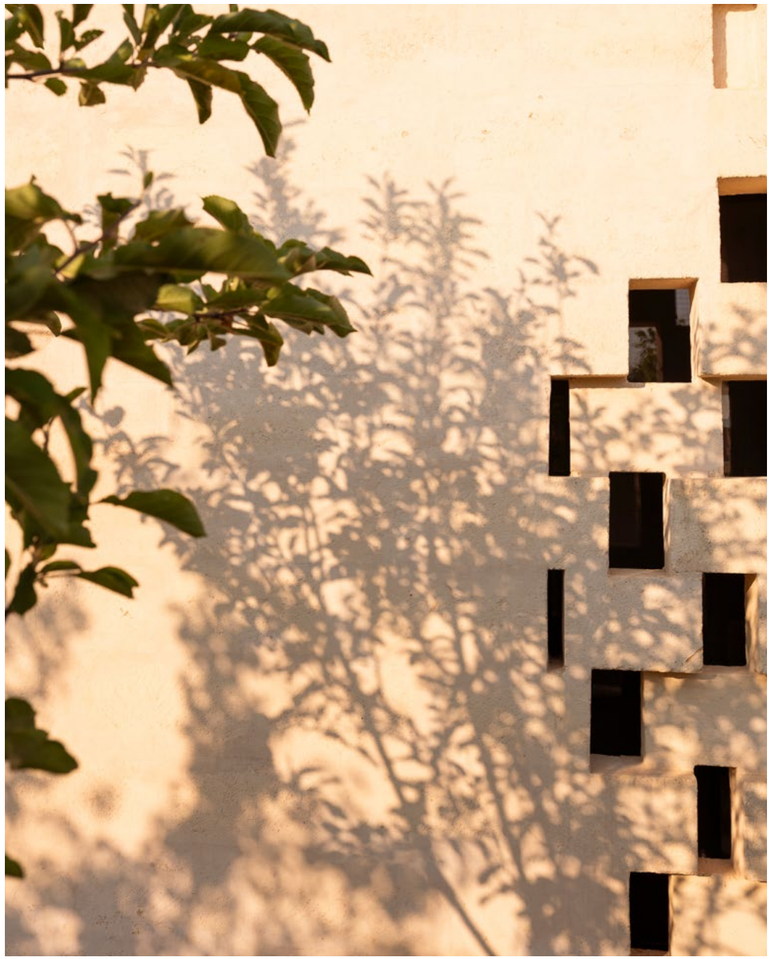

La bellezza è una presenza diffusa, capace di manifestarsi nei luoghi più semplici: nella luce che attraversa uno spazio, nel calore del sole, nel verde che lo circonda, nella convivialità di una tavola condivisa. Riconoscerla significa saper osservare, scegliere e valorizzare ciò che ci accompagna ogni giorno, trasformando lo spazio in un'ESPERIENZA da vivere e non semplicemente da abitare.

L'esterno è tutto questo: cibo e CONVERSAZIONE, famiglia e AMICIZIA, sole e ombra, materia e natura. È il piacere di stare insieme e, allo stesso tempo, la possibilità di ritrovare uno SPAZIO personale. Un EQUILIBRIO tra morbidezza e carattere, tra accoglienza ed espressione, dove la creatività incontra la FUNZIONE e ogni elemento trova la propria ragione d'essere.

The outdoor environment is free from rigid geometries and predefined configurations. It is the furniture that shapes the landscape, suggests pathways, defines areas and creates new relationships between people and their surroundings. Seating, tables, modular elements and accessories become tools for naturally organising open space, creating flexible settings that can evolve alongside the needs and changing ways of those who inhabit them. An open system in which forms do not impose a single way of living, but instead offer infinite possibilities for composition.

L'outdoor è un ambiente libero da geometrie rigide e configurazioni prestabilite. Sono gli arredi a disegnare il paesaggio, a suggerire percorsi, definire zone e creare nuove relazioni tra le persone e il contesto circostante. Sedute, tavoli, elementi modulari e complementi diventano strumenti attraverso cui organizzare lo spazio aperto con naturalezza, costruendo scenari flessibili, capaci di cambiare insieme alle esigenze e l'evoluzione di chi li vive. Un sistema aperto, in cui le forme non impongono un unico modo di abitare, ma offrono infinite possibilità di composizione.

And then there is TIME.
A DIFFERENT kind of time, slower and more unhurried, that seems to expand when the day is spent outdoors. A lunch gradually turns into an aperitivo, an aperitivo becomes dinner, and a conversation continues without noticing the hours passing. The light changes, the air becomes softer, in a space where even time itself loses its rigidity, making room for spontaneity and the simple pleasure of STAYING a little longer.

E poi c'è il TEMPO.
Un tempo DIVERSO, più disteso, che sembra dilatarsi quando la giornata viene vissuta all'aperto. Un pranzo che lentamente si trasforma in aperitivo, l'aperitivo che diventa cena, una conversazione che continua senza accorgersi delle ore che passano. La luce cambia, l'aria si fa più morbida, in uno spazio in cui anche le ore perdono rigidità e lasciano spazio alla spontaneità e al piacere di RESTARE.

DETAILS

TECHNICAL INFORMATION 104

FABRICS 112

Authentic materials and artisanal CRAFTSMANSHIP come together in a design defined by essential, CONTEMPORARY forms. DELPHI reinterprets the archetype of weaving through a light, elegant and timeless design gesture. The teak structure follows a fluid silhouette, shaped by soft curves and balanced proportions. The enveloping backrest naturally joins the legs, creating a seamless continuity that enhances its welcoming character. Precisely tensioned cords form a delicate, vibrant weave, combining comfort with visual lightness.

The distinctive structural joint becomes a signature detail, enhancing the identity of the collection's seating. DELPHI brings a contemporary approach to living outdoors, where material, comfort and form blend with effortless harmony.

Delphi

Designed by GORDON GUILLAUMIER

Details p.104

Materiali autentici e sapienza ARTIGIANALE si incontrano in un progetto dalle forme essenziali e CONTEMPORANEE. DELPHI reinterpreta l'archetipo dell'intreccio attraverso un gesto progettuale leggero, elegante e senza tempo. La struttura in teak segue un disegno fluido, definito da curve morbide e proporzioni armoniose. Lo schienale avvolgente si innesta con naturalezza sulle gambe, creando una continuità formale che ne accentua il carattere accogliente. Le corde, tese con precisione, disegnano una trama delicata e vibrante, capace di coniugare comfort e leggerezza visiva.

Il caratteristico snodo costruttivo diventa un segno DISTINTIVO, che valorizza le sedute della collezione. DELPHI porta all'esterno una sensibilità propria dell'abitare contemporaneo, in cui materia, comfort e forma convivono con naturalezza.

Sirmione

A refined balance between INDUSTRIAL rigour and formal delicacy. The modular SIRMIONE sofa, designed by Piero Lissoni, combines the essential character of metal with the softness of its forms and the weaving of its backrests.
A versatile system that can be transformed into a variety of configurations to suit different needs, thanks to its backrests, armrests and curved elements, which create sinuous geometries and inviting corners. In addition to the tightly woven textile belt, an iconic and transversal material throughout the RODA collection, the backrests can also be dressed in a new TWISTED FIBRE in mélange grey, with a naturally textured appearance and feel. Finishes and configurations expand the expressive possibilities of a collection with a strong IDENTITY, capable of reinventing itself with character and gentleness.

Designed by PIERO LISSONI

Details p.108

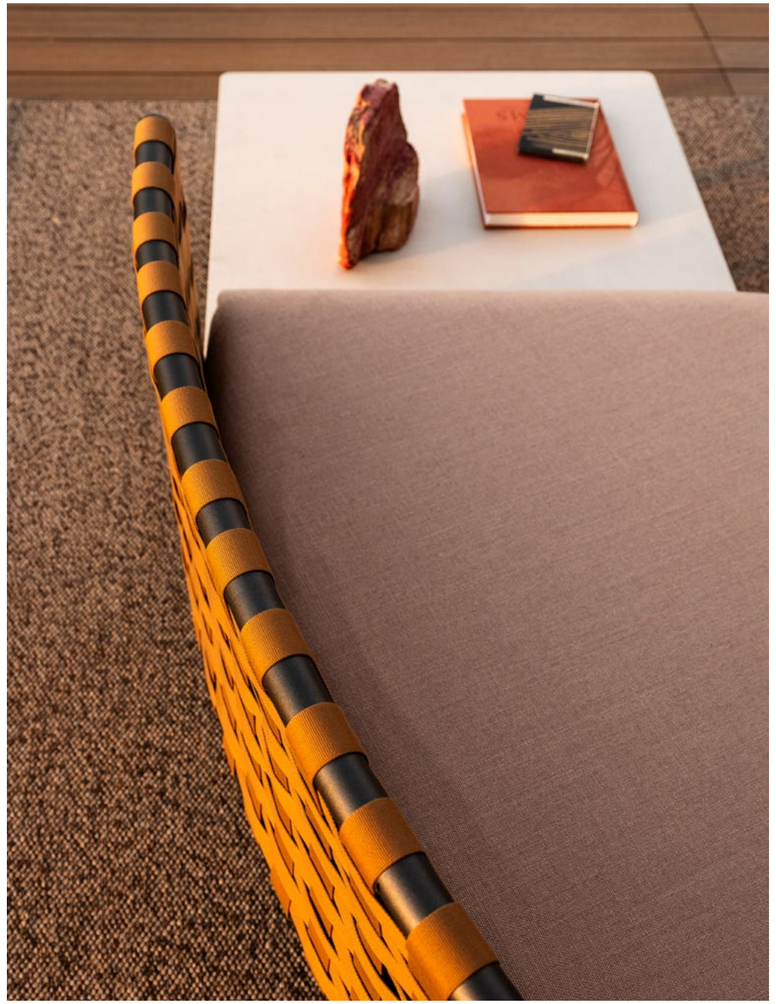

Un equilibrio raffinato tra rigore INDUSTRIALE e delicatezza formale. Il divano componibile SIRMIONE, disegnato da Piero Lissoni, accosta l'essenzialità del metallo alla morbidezza delle forme e dei rivestimenti degli schienali.
Un sistema versatile, capace di trasformarsi in molteplici configurazioni e di adattarsi a diverse esigenze d'uso grazie a schienali, braccioli ed elementi curvi, che disegnano geometrie sinuose e creano angoli accoglienti. Accanto al fitto intreccio tessile della cinghia, materiale iconico e trasversale nella proposta RODA, gli schienali si vestono di una NUOVA FIBRA intrecciata in grigio mélange, dall'aspetto e dalla texture naturali. Finiture e combinazioni amplificano così le possibilità espressive di una collezione dalla forte IDENTITÀ, capace di rinnovarsi con carattere e gentilezza.

Vela

A simple yet decisive ARCHITECTURAL gesture introduces dynamism and TENSION into the space. The VELA armchairs invite relaxation and informal conversation through the natural, welcoming inclination of the backrest. The two lounge chair variants express a subtle balance between ease and composure, intimacy and conviviality. The natural iroko base, essential and precise, supports the painted aluminium backrest, enhanced by woven belts. Generous cushioning, extending to the armrests, gently embraces the body and enhances comfort without compromising the purity of the design. Every element is carefully calibrated to preserve the harmony of the silhouette and enhance the dialogue between structure, material and COMFORT.

VELA is designed to live within the space and in dialogue with it, interpreting the outdoors as a place for connection, pause and sharing.

Designed by M^2 ATELIER

Details p.110

Un gesto ARCHITETTONICO semplice e deciso introduce dinamismo e TENSIONE nello spazio. Le poltrone VELA invitano al relax e alla conversazione informale grazie all'inclinazione dello schienale, naturalmente accogliente. Le due varianti della poltrona lounge esprimono un equilibrio sottile tra abbandono e compostezza, tra intimità e convivialità. La base in iroko naturale, essenziale e precisa, sostiene lo schienale in alluminio verniciato, impreziosito da cinghie intrecciate.

La generosa cuscinatura, che si estende anche ai braccioli, avvolge con morbidezza e amplifica il comfort senza alterare la purezza del disegno. Ogni elemento è calibrato per preservare l'armonia della silhouette e valorizzare il dialogo tra struttura, materia e COMFORT. VELA nasce per vivere nello spazio e con lo spazio, interpretando l'outdoor come luogo di relazione, pausa e condivisione. Una collezione trasversale e sofisticata, capace di coniugare eleganza, comfort e prestazioni in un equilibrio naturale e duraturo.

Handcraft becomes a purely decorative element in a simple seating collection with an original PERSONALITY. The laser-cut aluminum frame serves as both structure and canvas, gently guiding the weave into a pattern of striking graphic rhythm, light and fluid like fabric in motion. As WARP and WEFT, metal and straps allow for a wide range of color COMBINATIONS depending on their hues. The armrests, wrapped in cords of some variants, and the seat cushion not only add comfort but also enrich ERICE with refined aesthetic details.

Designed by LUCA PEVERE

Details p.105

Erice

Il lavoro manuale diventa elemento di pura decorazione in una collezione di sedute semplice, ma dalla PERSONALITÀ originale. La struttura in alluminio tagliato a laser di ERICE funge da telaio e guida l'intreccio in modo intuitivo, creando un pattern dal forte impatto grafico e dal profilo leggero e fluido come un tessuto. Come TRAMA e ORDITO, metallo e cinghie permettono di creare molteplici COMBINAZIONI cromatiche al variare del loro colore. I braccioli avvolti dalle corde di alcune varianti e il cuscino di seduta, oltre ad aggiungere comfort, arricchiscono ERICE con ulteriori dettagli estetici.

NIDIA 302 shelving + 2 × 010 case. Finishes: SMOKE structure, SAND gres top, TEAK door and back.

NIDIA, designed by Dordoni Studio, reinterprets shelving as a flexible element, capable of evolving into articulated compositions or taking on its most essential form. The stainless steel structure accommodates optional storage elements in aluminium and teak, introducing compact volumes and customisable configurations. The shelves, available with matt porcelain stoneware or wavy glass tops, create a refined dialogue between material, colour and transparency. The alternation of solid and void generates a dynamic RHYTHM, combining proportion and BALANCE.

Available in different heights and widths, NIDIA adapts to different spatial configurations, creating ever-changing compositions. A filtering element capable of separating areas without interrupting their visual continuity. NIDIA brings to the outdoors the same COMPOSITIONAL FREEDOM and design care that define contemporary living. A versatile system designed to engage with ARCHITECTURE and naturally adapt to different needs.

Nidia

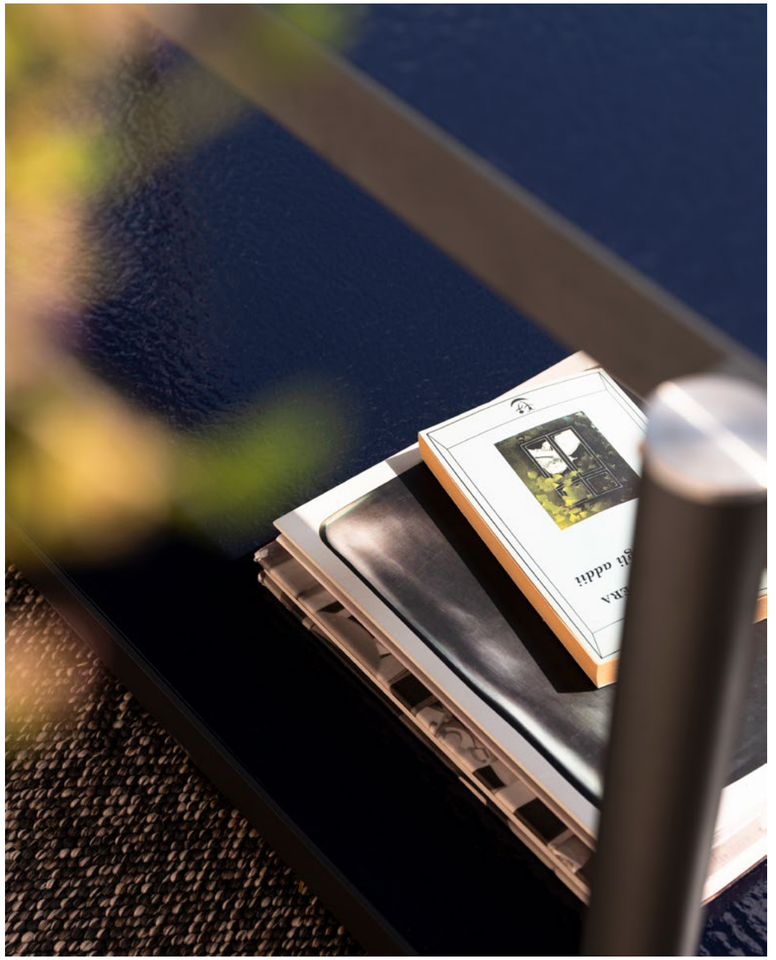

Designed by DORDONI STUDIO

Details p.106

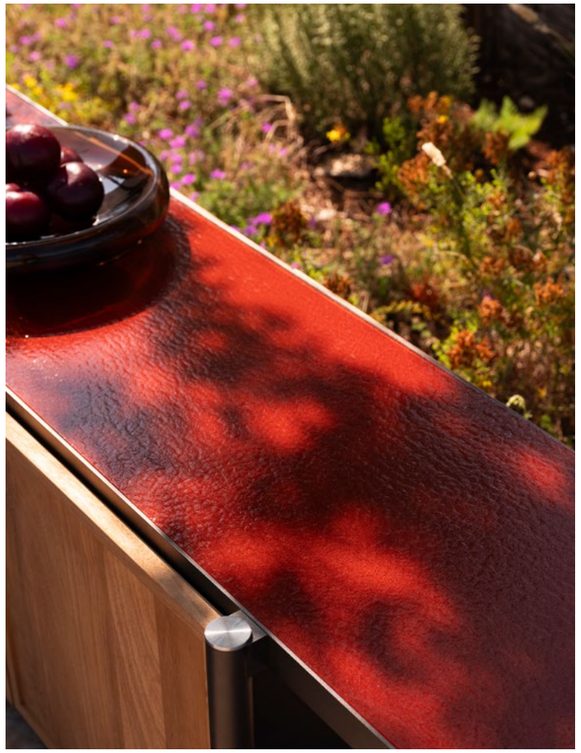

Una struttura modulare ridefinisce il modo di organizzare e vivere lo spazio outdoor. NIDIA, disegnata da Dordoni Studio, reinterpreta la scaffalatura come elemento flessibile, capace di svilupparsi in composizioni articolate o nella sua forma più essenziale. La struttura in acciaio inox accoglie elementi contenitivi opzionali, in alluminio e teak, che introducono volumi compatti e configurazioni personalizzabili. I ripiani, disponibili in gres opaco o vetro ondulato, introducono un raffinato dialogo tra materia, colore e trasparenza. L'alternanza di pieni e vuoti crea un RITMO dinamico, capace di coniugare misura ed EQUILIBRIO.

Disponibile in diverse altezze e larghezze, NIDIA si adatta alle diverse configurazioni dello spazio, definendo composizioni sempre nuove. Un elemento di filtro, capace di separare gli ambienti senza interromperne la continuità visiva. NIDIA porta così nell'outdoor la stessa LIBERTÀ COMPOSITIVA e cura progettuale propria dell'abitare contemporaneo. Un sistema versatile, pensato per dialogare con l'ARCHITETTURA e adattarsi con naturalezza a esigenze differenti.

Trace

A GRAPHIC gesture defines the space and SUBTLY shapes its perception. TRACE is an outdoor rug that interprets the surface as a DESIGN element, introducing a delicate, contemporary touch into the setting. Its essential pattern, enriched by a nuanced texture, creates a harmonious relationship with the surrounding furniture and architecture. Designed for outdoor living, TRACE combines durability and comfort, transforming each floor into a more welcoming and intimate environment. Its presence is understated, yet capable of defining and organising different areas without interrupting the visual continuity of the space.

Designed by RODA STUDIO

Details p.110

Un segno GRAFICO definisce lo spazio e ne accompagna la percezione con DISCRETA naturalezza. TRACE è un tappeto da esterno che interpreta la superficie come elemento PROGETTUALE, introducendo nell'ambiente un tocco delicato e contemporaneo. Il disegno, essenziale ma caratterizzato da una trama ricca di sfumature, crea una relazione armoniosa con gli arredi e con l'architettura circostante. Pensato per l'outdoor, TRACE combina resistenza e comfort, trasformando ogni pavimento in uno spazio più accogliente e domestico. La sua presenza è misurata, capace di delimitare e organizzare le diverse aree senza interrompere la continuità visiva dell'ambiente.

BACK TO INDEX

A collection with a clean, REFINED design and bursting with character. Teak is the protagonist in this well-structured series of folding director's chairs: two dining chairs with arms, a lounge chair, a footstool, all endowed with a contemporary and very FRESH appeal, thanks also to the hues of the structural fabrics they feature. The ORSON dining armchairs and, now, the lounge chair are available in two versions: with or without side canvas. The former offers a more enveloping and elegant look, while the latter stands out for its lighter, more minimalist and traditional aesthetic.

Designed by GORDON GUILLAUMIER

Details p.107

Orson

Una collezione dal design pulito, RAFFINATO, di grande carattere. Il teak è protagonista in una serie articolata di sedute da regista pieghevoli: due poltrone da pranzo, una poltrona lounge, un poggiapiedi, tutti arredi dall'appeal contemporaneo e molto FRESCO, grazie anche ai toni dei tessuti strutturali che li caratterizzano. Le poltroncine da pranzo e, oggi, anche le sedute lounge ORSON sono disponibili in due varianti: con o senza teli laterali. La prima esprime un carattere più avvolgente e ricercato, mentre la seconda si distingue per un'estetica più leggera, essenziale e tradizionale.

A name that evokes the elegance of the pearl of Lake Maggiore — STRESA — with its perfectly preserved Liberty-style villas and timeless charm. This collection is a contemporary reinterpretation of classic outdoor metal furniture — those garden pieces found in lakeside hotels and residences, as well as on seaside terraces or in the countryside. It offers a modern vision of a TRADITION-infused idea: from the dining table to the lounge area now complemented by a one-seater sofa and the new sunlounger, every furnishing element carries with it a timeless ALLURE.

Stresa

Designed by PIERO LISSONI

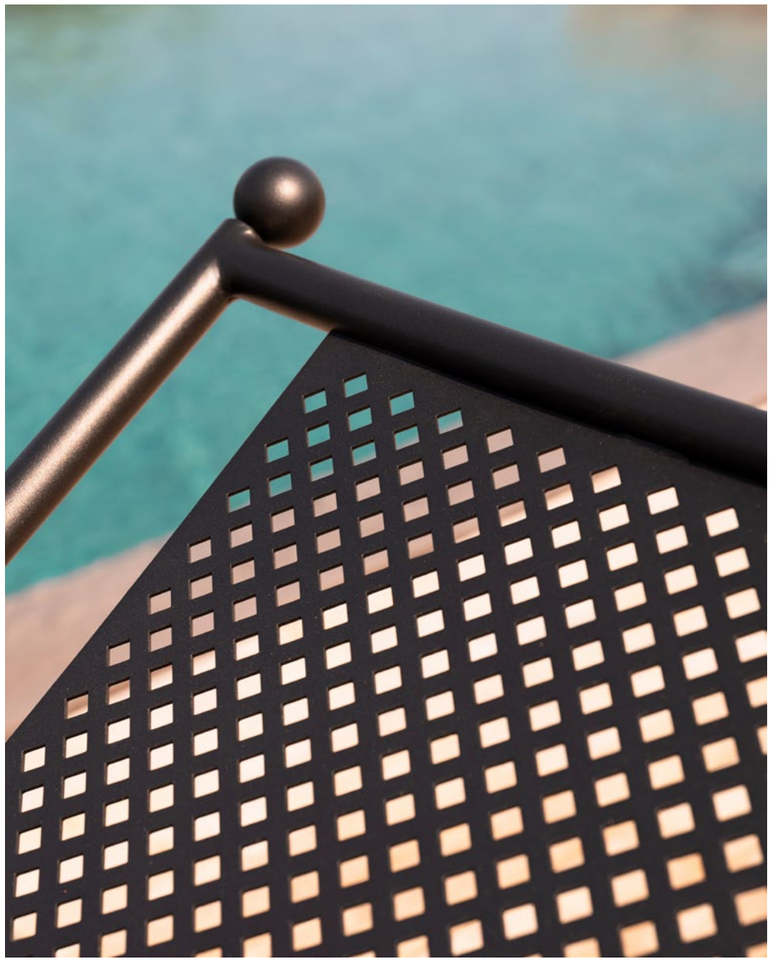

Details p.109

Un nome che richiama l'eleganza della perla del Lago Maggiore, STRESA, con le sue ville d'epoca dall'architettura in stile Liberty perfettamente conservata. Questa collezione è la reinterpretazione dei classici arredi per esterno in metallo, di quei mobili da giardino che si trovano negli alberghi e nelle residenze intorno ai laghi, così come sulle terrazze al mare o in campagna. È la visione contemporanea di un'idea che profuma di TRADIZIONE: dal tavolo da pranzo al salotto, ora completo di poltrona e al nuovo lettino prendisole: ogni elemento d'arredo porta con sé un FASCINO senza tempo.

Code	Structure	Batyline
001 002 003 011	Teak	Grey, Sand, Navy, Olive, Ginger, Sky
008	Teak	

Product type	Folding director's chair and armchair, folding stool and reclining sunlounger.
Structure	Teak. Exposure to the weather creates an oxidation patina, one or two millimetres deep, on the wood surface, making it fade to a silver-grey colour. This change does not affect its original characteristics in any way. The grey patina can be avoided or removed by specific maintenance.
Structural fabric	Batyline. Unique dimensional stability and flexibility make it extremely comfortable, with a textile-like soft hand.
Cushions	Hydro-draining (only for the sunlounger).
