

Double 011 Chair (stackable)

Design Rodolfo Dordoni

Technical Information

The DOUBLE fabric chair, designed by Rodolfo Dordoni, is reintroduced in a new version “dressed” with a textile cover that enhances not only its aesthetic value but also the seating comfort. The cover, available in most fabrics of the collection, is conceived to offer wide chromatic customization, allowing it to adapt with extreme versatility to any dining table. The smoke-colored metal frame is completed by elastic belts and a 3D hydro-draining mesh that ensure optimal comfort. Stackable up to four units, DOUBLE elegantly crosses the boundary between indoor and outdoor, perfectly embodying RODA's design philosophy.
