

Double 036 Pouf

Design Rodolfo Dordoni

Technical Information

DOUBLE is designed to satisfy the typical taste and canons of the interior decoration even in the garden furniture. The protagonist of DOUBLE collection is the slim shape, together with the materials: the aluminum structure is covered by a soft multilayer padding, combined with a 3D net. The net can be used on view or upholstered with RODA outdoor fabrics collection: hence the name "DOUBLE". The complete collection includes a chair, a sunlounger and the poufs in different sizes.
