

Erice 012 Lounge Chair (Stackable)

Design Luca Pevere

Technical Information

Handcraft becomes a purely decorative element in a simple seating collection with an original personality. The laser-cut aluminum frame serves as both structure and canvas, gently guiding the weave into a pattern of striking graphic rhythm, light and fluid like fabric in motion. As warp and weft, metal and straps allow for a wide range of color combinations depending on their hues. The armrests, wrapped in cords of some variants, and the seat cushion not only add comfort but also enrich ERICE with refined aesthetic details.

TECHNICAL INFORMATION

DESCRIPTION
Lounge chair for outdoor use

STRUCTURE
