

# Nap 082 Rocking Chair

Design Gordon Guillaumier

Technical Information

The rocking chair for outdoor is the point of contact between function and play, in an unexpected contamination between the perpetual motion of the swing and the static nature of the seat. Among the contemporary outdoor furniture is what most brings back to childhood, to the pleasure of falling asleep cradled by soft cushions, by day, in the shade of a tree or a garden gazebo, or, by night, under a mantle of stars.

## TECHNICAL INFORMATION

**DESCRIPTION**  
Rocking chair for outdoor use.

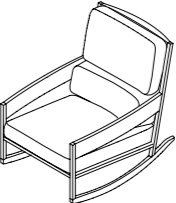

**STRUCTURE**  
Teak and powder coated stinless steel.

**CUSHIONS**  
Standard or hydro draining.

<b>WEIGHT</b>
