

Sirmione Sofa Collection

Design Piero Lissoni

Technical Information

SIRMIONE is a modular outdoor sofa collection designed by Piero Lissoni, featuring a metal structure combined with generous upholstered elements. Backrests, armrests and curved modules can be freely combined to create a wide range of configurations. The backrests are available in two versions: woven straps or woven fibre in mélange grey, offering different material and aesthetic options. The modular design and variety of elements make SIRMIONE suitable for different outdoor settings and configurations.
