

# Spool 202 Sofa

Design Rodolfo Dordoni

Technical Information

Outdoor sofas, chaise lounges and low tables where a closely spaced succession of cords, embracing a metallic tubular frame, creates sinuous lines that brings to mind weaving spools. The result is a collection with an explosive design, a perfect balance between strength and lightness that doesn't neglect the comfort of the seating that can accommodate an abundance of soft cushions. Protagonist of outdoor furniture, SPOOL colors the exteriors with the several variants and combinations available, leaving room for personalization.
