

Zefiro 002 Coffee Table

Design Piero Lissoni

Technical Information

A slender, circular element rests lightly on its base, creating a structured family of small tables. Lightness and transversality define the Zefiro collection, which adapts easily to different contexts and uses, thanks to the shapes, sizes and finishes available. The base is made of stainless steel, while the top is in aluminium – in a choice of two colours – or natural teak wood.

TECHNICAL INFORMATION
