NORMA

OUTDOOR KITCHEN

Norma is the first RODA foray into the kitchen — a natural, sensible complement to the outdoor conviviality that lies at the heart of the company's vision. Designed by Rodolfo Dordoni, the Norma outdoor kitchen is an invitation to share good times. Its elements of beauty and hospitality pay attention to detail and practicality.

Norma è il primo progetto di RODA dedicato al mondo della cucina: un naturale completamento di senso e di progetto per quei luoghi da vivere e da abitare che sono il cuore di una vision appassionata. Disegnata da Rodolfo Dordoni, è una cucina da esterno che invita alla convivialità, nel nome del gusto per l'accoglienza e del bello, tra ricerca di comfort, funzionalità e buon design.

Modular, dynamic and versatile, Norma's handsome structure adapts to spaces of different type and size. Three independent modules offer three complementary functions.

Componibile, dinamica e versatile, grazie alla modularità della sua raffinata struttura: Norma si adatta a spazi diversi per dimensione e natura. Tre moduli indipendenti per tre funzioni complementari.

Cooking Module

A sleek, functional frame holds the cooking range, the kitchen's true hearth. The cart is made of stainless steel and larch slats. Easy to move around. Can be parked underneath the side table.

Un telaio dal design pulito e funzionale accoglie il piano cottura, vero fulcro della cucina. Acciaio inox e larice a doghe per gli elementi del modulo a carrello, dalla mobilità agevole e all'occorrenza posizionabile sotto al piano della penisola.

The gas-fuelled cooking range is equipped with a central double-crown burner plus four lateral burners. This is a professional unit developed in collaboration with ILVE. Guaranteed optimum cooking experience, high technological standards and premium quality.

Il piano cottura presenta un fuoco centrale a doppia corona e quattro fuochi laterali, con alimentazione a gas. Un sistema professionale realizzato in collaborazione con ILVE, a garanzia di un'esperienza di cottura, e di standard tecnologici, di altissima qualità.

"Cooking is one of life's everyday pleasures. The Norma is meant to enrich the atmosphere RODA brings to outdoor living. As a satisfying addition to our wide range of open-air furniture, this is an all-Italian interpretation of our passion for cooking, combined with the practicality and quality of good design."

RODOLFO DORDONI

"Cucinare appartiene ai piaceri della vita quotidiana. Abbiamo voluto arricchire l'atmosfera che da sempre conferiamo al vivere all'aperto, attraverso linee di prodotti il più possibile complete, aggiungendo anche una cucina da esterno. Norma è concepita con una sensibilità tutta italiana, che intende valorizzare la nostra passione per la cucina unita alla funzionalità e qualità del buon design."

Norma

Una barra integrata alla struttura portante e, tra gli accessori, una piastra grill di acciaio inox dalle dimensioni calibrate: attenzioni progettuali dal valore funzionale.

The cooking trolley is equipped with a bar for towels and utensils. Accessories include a stainless-steel grill plate with made-to-measure dimensions. This is meticulous design with functional value.

Sink Module

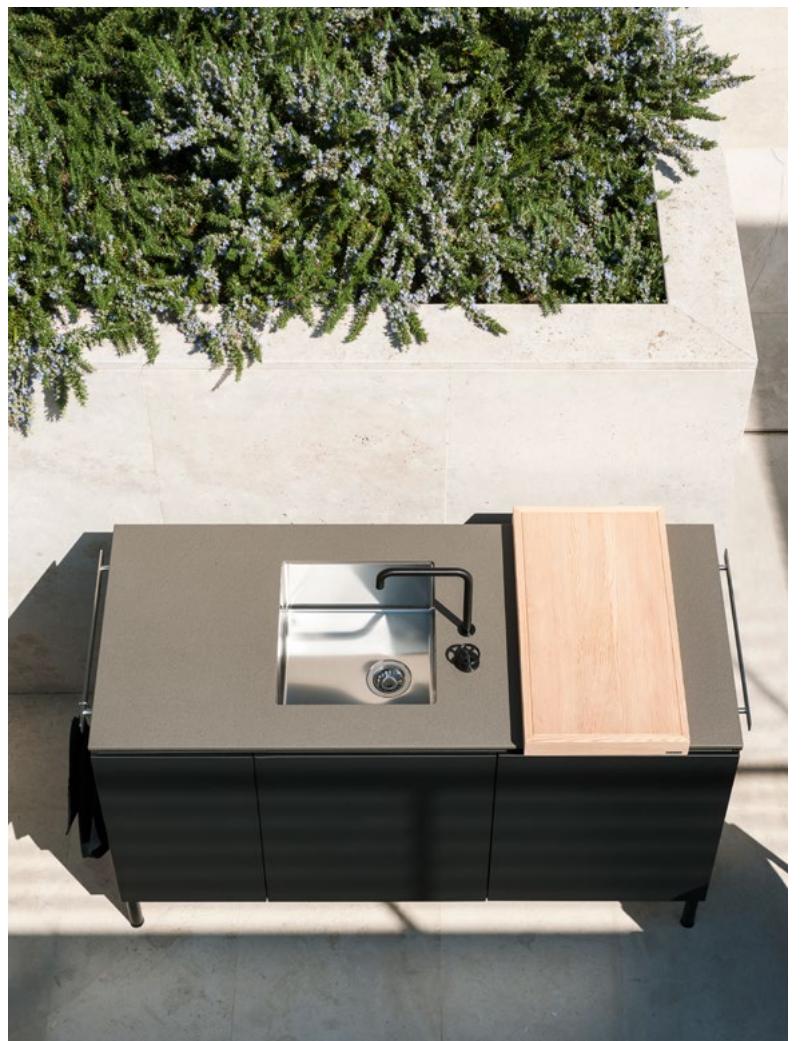

The meticulous juxtaposition of materials makes for great formal rigor. The free-standing kitchen island holds a steel sink sunken into a Lapitec® worktop of sintered stone, highly resistant to scratches, stains and heat.

Attenti accostamenti di materiali, in un modulo dal grande rigore formale. L'isola freestanding di Norma ospita il lavandino in acciaio che si innesta nel piano di pietra sinterizzata Lapitec®, altamente resistente ai graffi, alle macchie e al calore.

Optional features personalise the Norma in accordance with taste and usage. Refrigerator, two larch-wood cutting-boards, and doors available in a choice of colours.

Elementi a scelta permettono di conformare Norma a piacere, tra esigenze d'uso e gusti personali: il frigorifero, i taglieri in legno di larice, le ante disponibili in diverse finiture cromatiche.

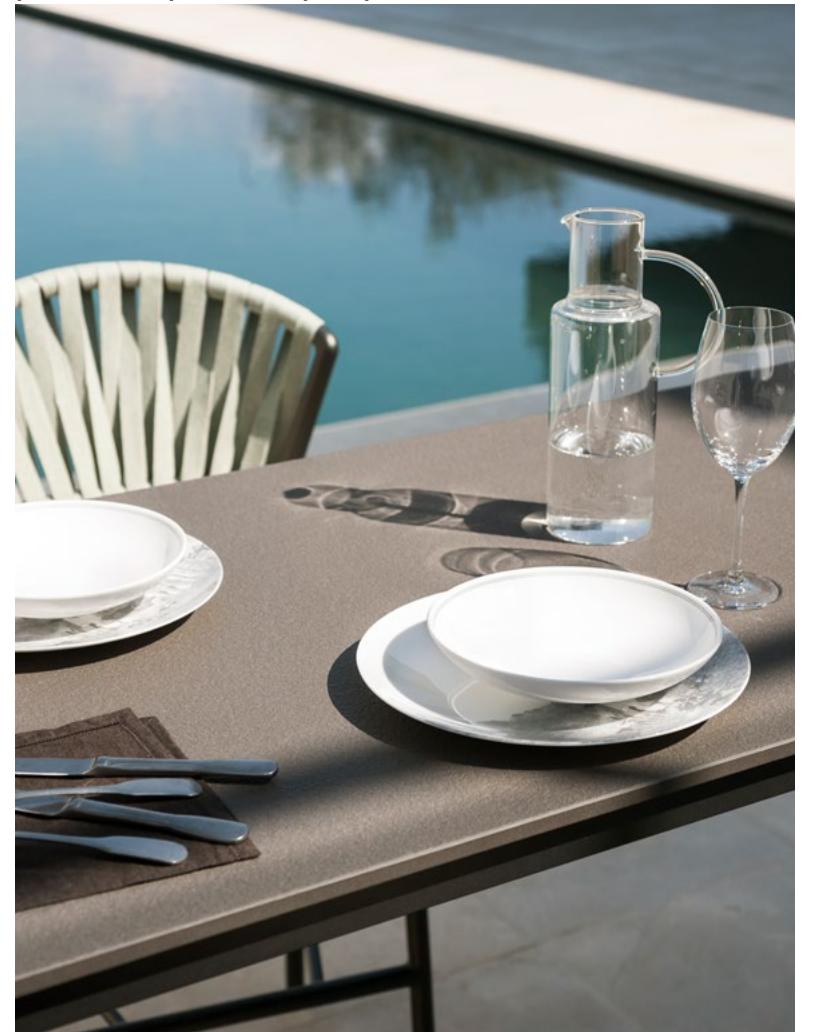

Extension Module

A counter-top with slim lines offers lively practicality for food preparation and conviviality. The Lapitec® top can extend from both sides of the free-standing sink unit.

40

Una penisola dal profilo leggero come spazio vivo, da dedicare al lavoro e alla convivialità: caratterizzata da un piano in Lapitec®, si può posizionare su entrambi i lati del modulo freestanding.

DETAILS

The Norma outdoor kitchen is endowed with all RODA qualities and values – design, innovation, enjoyment and good feelings. The artisanal skill and meticulous manufacturing are the result of 30 years' experience in the production of high-profile all-Italian furniture. Thanks to durable materials and high-performance technology, RODA makes outdoor settings beautiful and comfortable for optimal use and the pleasure of sharing.

La cucina da esterno Norma porta con sé la qualità e i valori di RODA, tra design e innovazione, piacevolezza ed emozione. La sapienza artigiana, l'attenzione e il rigore nella lavorazione sono il risultato di un'esperienza trentennale nella realizzazione di arredi Made in Italy di alto profilo, per ambienti outdoor belli e confortevoli, da vivere e condividere al meglio grazie a materiali durevoli e tecnologie altamente performanti.

001 Cooking Module

The Norma cooking range offers generous dimensions and professional reliability engineered by ILVE: 90 centimetres wide for 5 burners. Double-crown central burner, with "Dual technology". Cast-iron grates.

NORMA 001
Cooking Module
(with wheels)
125 x 73 x 83 cm

Il piano cottura di Norma, dalle misure generose e dall'affidabilità professionale firmata ILVE: 90 centimetri e 5 fuochi, con un bruciatore a doppia corona e tecnologia Dual. Griglie di ghisa.

A cabinet to the side of the cooking range contains the gas cylinder. Wheels can be substituted with optional feet in order to hook up the unit to the gas grid. Beneath the range await two spacious shelves made of larch slats.

Sul lato del modulo cottura trova spazio un vano con chiusura ad anta, per accogliere la bombola del gas. La variante con i piedini, dunque senza ruote, offre anche la possibilità di allacciamento alla rete domestica. Sotto al piano dei fornelli, due ampi ripiani in doghe di larice.

002 Sink Module

This free-standing module holds a sink in polished stainless steel fitted into a Lapitec® worktop of sintered stone. Water tap with burnished finish. Doors in painted stainless steel with fluted polypropylene panels inside. The unit features three cabinets, one of which is built to measure for the optional 80-litre refrigerator.

L'isola free standing ospita il lavandino di acciaio inox lucidato, integrato nel piano di pietra sinterizzata Lapitec®. Il miscelatore presenta una finitura brunita; le ante sono tutte di acciaio inox verniciato, con l'interno di polipropilene alveolare. Il modulo è composto da tre vani, di cui uno predisposto per il frigorifero, opzionale, dalla capacità di 80 litri.

003 Extension Module

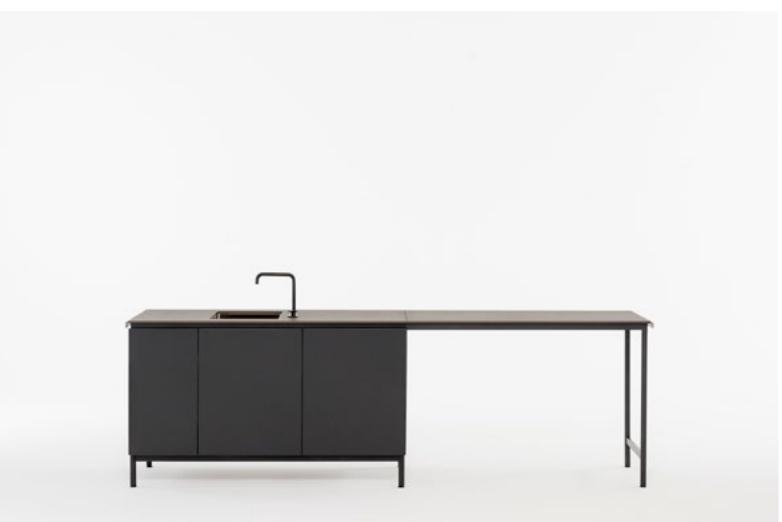

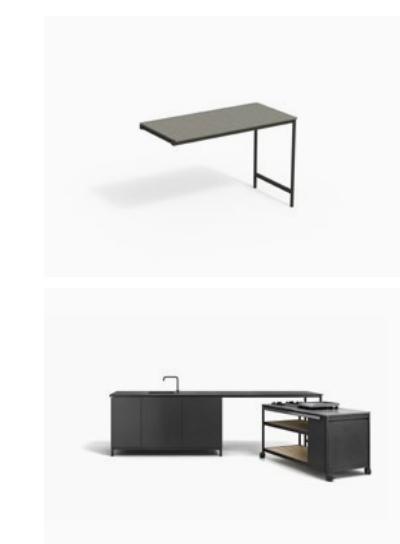

The peninsula counter offers an extension of the available space, on either or both sides. When a counter is connected to the sink unit, the bar for towels and utensils is functionally reattached to the end of the Lapitec® worktop.

La penisola offre un'estensione dello spazio a disposizione, su entrambi i lati. Quando la struttura viene innestata al modulo del lavandino, la barra appendi-utensili è ricollocata in modo funzionale all'estremità del piano di Lapitec®.
